WEST HILLS COMMUNITY COLLEGE

PROGRAM

---

COLLEGE LIBRARY SERVICES

Recognizing the broad educational value of a college library, the Board directs the maintenance of a library which will serve the needs of students, staff and community residents. To enhance its utilization, the Board will provide necessary staff and resources to maximize the time which the library is available and broaden the collection to include a variety of media.

The Board directs the Chancellor to establish library procedures which:

1. provide educational materials that contribute to the intellectual, social and academic growth of the District's service area.
2. provide enrichment materials beyond the specific curricula.
3. provide for continuous evaluation, procurement and replacement of collection.
4. allows maximum library utilization, including evening hours.
5. coordinates library functions and services between the colleges, the city library, the county library and other library systems in the state.
